The Gaughan Case.

Believing that the prosecuting witness had been tampered with, Squire Rogers last night asked the authorities to investigate the matter. The case was one in which Thomas Gaughan charged Stein Feldeski with opening his trunk and stealing a pen holder. Both board at a place kept by Swinski, a foreigner, and when the case was called last night, Gaughan refused to prosecute, and his actions led to the suspicion that he had been induced to make a flimsy out of the case, which was dismissed instantly. The squire was indignant and intends to prosecute Gaughan if evidence against him is secured.

Arrest of Youthful Thieves.

Yesterday's Intelligencer told of the arrest of August Rentner, a boy who confessed his guilt in the robbery of pottery ware from Terminal cars, on the South Side, and his confession implicating other boys. Yesterday, Constable Anderson arrested Thomas Keenan, George and William Hillman and Port Goudy, the boys named by Rentner. These boys were arrested at their homes, on the South Side, and the constable located much of the stolen property, which consisted of La Belle china, made by the Wheeling pottery. The prisoners were given a hearing before Squire Fitzpatrick last night, and each fined \$10 and costs and thirty days. Goudy took an appeal.

SEVERAL CHANGES

Are Made at the City Water Works Pumping Station and

TWO FORMER CITY OFFICIALS

Figure in the Appointments, ex-Fire Chief Killers and ex-Special Officer David Hahne—All Were Confirmed by the Water Board Yesterday. Meeting of the Committee on Ordinances held last Evening.

The city water board met yesterday afternoon in regular session. The principal matter up for consideration was the list of appointments submitted by the water works superintendent, Charles Oliver. The board lost but little time in confirming the appointments just as they were submitted by the superintendent. There are five changes, and among the new faces are those of Charles F. Kileves, former fire chief, who is made an engineer, and David Hahne, of the Eighth ward, former councilman, and later special officer, who was appointed watchman. The appointments were as follows: Engineers—William Junkins, Charles Kileves, William Scroggins. Firemen—Alex. Campbell, William Stewart. Oilers—Lew Wallace, John Felsing. Wipers—Charles Bradbury, Robert Gray. Well men—William Gill, Otto Wiedebusch. Street force—John Farley, Henry Trautwein, Samuel Uelton, Charles Muley. Watchmen—David Hahne, Samuel Jones. Laborer—William Mooney. Hester—Charles Lee.

These appointments take effect tomorrow, March 1. There are five changes, the new men being David Hahne, Charles Kileves, Samuel Jones, William Stewart and Charles Muley. The men who retire were all good workmen, and their retirement does not in any manner reflect upon their ability. The board ordered a new carpet for the office, to replace one that has seen six years' service.

Ordinances Committee.

The council committee on ordinances met last night with all the members present, Chairman McCormick presiding. The Work resolution sent to the committee from council, concerning the garnishing of the wages of city employees for debt, was taken up and City Solicitor Nesbitt was instructed to draft an ordinance embodying the principles of the resolution. The ordinance will provide that the city shall hereafter answer all garnishment processes, when the creditor demonstrates that the debt was contracted during the incumbency in office of the employee sued. Another matter disposed of was a resolution introduced by Mr. Kindelberger, which was adopted unanimously. The resolution requests the finance committee to make an appropriation for the printing and compilation of all city ordinances up to date. Five hundred copies are to be printed. The ordinances were last compiled in 1891.

A GAY LOTHARIO

Victimizes a Benwood Boarding House Very Neatly.

Yesterday morning a pretty slick article, sailing under various aliases, took his departure from Benwood, leaving in his wake a trail of broken female hearts and unpaid bills. For about a month he lived in Benwood, living on his face and his war record, for Abraham Selfert, as he called himself part of the time, claimed to have seen service with the Third Ohio. He was some shucks as a masquerade, and he has left a number of Benwood lassies behind.

Abraham boarded at Dixon & Williams' boarding house, in Centre Benwood. After he finished his breakfast yesterday he walked out of the door, never to return, alas, and \$10 belonging to Frank Wallace and a similar amount from Everett Bungardner, fellow boarders, lined his jeans. The till in the store, connected with the house, was also relieved of its contents. Shortly after his departure the losses were discovered. Selfert, in the meantime, had crossed to Bellaire. He owed his board bill for the past two weeks.

His attentions to the gentler sex aroused the envy of the Benwood gallants, some of whom suspected Selfert was not a soldier, and their suspicions increased on hearing him give different names at different times. Nevertheless, the girls planned their faith to him. As a Lothario he was nonpareil, and daily posed in the centre of a bevy of admiring fair forms. But their dreams have been cruelly shattered.

"GROCERS' DAY" FOR 1899

The Wheeling grocers will attend the meeting of the state association in large numbers. It is to be held in Parkersburg on Wednesday, June 7, and on the following day the Parkersburg local association will have a "Grocers' Day" celebration, for which it is expected the visitors will remain over.

..Second Sight..

When you feel that you have tried everything and everyone, consult us. A daily occurrence is the surprise shown by the benefited patients at our office. Do you have headache? Do your eyes water? Do they smart or burn? Does the print run together when reading? Feel as if seen before the eyes? Do things appear double or mixed up? Have a desire to rub the eyes? Twitching? Does the light pain them? For any trouble of your eyes consult us. During this month we devote much time to children's eyes. We make glasses at popular prices (one reason for our popularity)—make a careful examination free of charge. The best proof of our success is the number of recommendations from our old patients.
